I'm 20 years old.
I'm a fourth year student of BNTU.
Since September,2021 to March,2022 I have been taking courses from The Rolling Scopes School.
During this time, I completed six projects, using technology as: HTML, CSS/SCSS, JavaScript, TypeScript, asyncJS.
My last project in the course: development of an English language learning application.
It was my first experience of team development.

At the moment, I am intensively studying React and in search of new knowledge and experience.
Next, I want to learn new things and develop in this direction.
